W. A. CROMER FOR COUNTY COURT CLERK

To The Republicans of Rockcastle County

Having already made my announcement some time ago, I wish to call your attention to a few things, for your meditation and after you have given your due consideration in this race I hope you will cast your vote on the 6th day of August 1921 as your conscience may direct you. First you will please make investigations as to my character, qualification, and as a Republican should I measure up to those principals, then I think I am worthy of your support. Never before have I asked the good

people of Rockcastle to honor me with an office, although I have labored for the cause of my party for 26 years. I have walked ten miles several times to cast my vote for one of my opponents, Mr. Tom Nicoley, who has already been honored for twenty-four years in office in this county. Mrs. Cooper as you all know is an immigrant from North Carolina who has resided in this county about sixteen years and has only had the right to vote once. I think if women are allowed to enter politics they ought to

prove to their party that they are what they profess to be. You will find recorded in the scriptures that on selecting deacons and elders in the church that they should be tried to see if their faith is sufficient before they become officers in the church. I think the same about women entering politics. They ought to prove up some good things for their party before entering a race. Thanking you all for any favor you may extend to me, I remain very truly yours,
W. A. Cromer.

Livingston

Misses Celia Hiatt, Dessie Nicoley and Mary Langford of Mt. Vernon visited relatives here later part of last week. — It is very sad to think that almost all the fruit in the country is killed, but yet there is one consolation, there is going to be a large crop of candidates which will be ready for harvest about the sixth of August. — Well the carnival has pitched its tents among us and is, and the man that sells red lemonade is here, the peanut reaster, the mollio ground, punch and judy and various other things and games too numerous to mention, but Sallie and myself have agreed not to attend any as we want to save our money until the pike is done and buy us a tin lizzie. — J. B. Douelly (the Irish operator) will leave in a few days for Georgetown, Lexington and other points in a few days for a couple of weeks visit. — We can now hear the engines of two moving picture shows and the danceling of the flat footed negroes at the carnival. Aint we going some? Don't know but what we will have the county seat moved down here. — Mr. and Mrs. L. A. Davis has returned from a two weeks visit with relatives and friends at Berea, Lancaster and other points. — Mrs. J. H. Walton has returned from a few days visit with her daughter Mrs. I. H. Mann of Paris. — Mr. and Mrs. Sam Stalworth and children of East Bernstadt have been visiting their daughter Mrs. Lee Mullins for the past few days. — Mrs. J. B. Jones and daughter are visiting her sister Mrs. S. E. Penington of London. — Mat McChargue (Supervisor) was with home folks at London Sunday. — Mrs. Cleo McClure has returned home from East Bernstadt after a few days visit with relatives. — S. E. Hellard was with home folks at Mt. Vernon Sunday. — Mrs. B. H. Griffin visit relatives in Mt. Vernon Sunday. Miss Bula Quinn and her brother James of Paris are visiting their grandparents Mr. and Mrs. J. B. Hayse. — David Smith has moved his family to London and will make that city their future home, we much dislike to give them up but our loss will be London's gain. — Mt. Vernon was well represented at the Baptist church here Sunday but we failed to get all names. — John Pope of Huntington Virginia was here Sunday. John was once a citizen of this place. — Our old friend S. C. Franklin of Mt. Vernon was here Tuesday between trains. — Mr. and Mrs. N. H. Oliver have returned home after a few days visit with relatives at Brodhead and Mt. Vernon. — Mr. and Mrs. Jim Cottongim and son William of Pine Hill are visiting Mr. and Mrs. R. P. Fells. — We understand that part of the prisoners in the Mt. Vernon jail "absquatulated" a few nights ago. In English means left between two days. (Cauley scribe please copy.) — Mrs. Filard McClure has returned from a few days visit with relatives in Jellico. — Mrs.

O. R. Foley who has been visiting relatives in Cincinnati and Paris has returned home. — Miss Jallette Griffin of Mt. Vernon visited relatives and friends here later part of last week. — J. C. Moore, jeweler of Mt. Vernon was here between trains Tuesday. — The bridge contractors are here and are making great headway with their work and the grading is going along nicely, it will not be many moons until the automobiles can pass thru Livingston and follow the grade up the river and that will be so much better than having to cross the much dreaded Ganley hill where so many cars during the past winter stranded. — E. W. Quinn was in Louisville the last week on business. — We are blessed with shows this week. We have two moving picture shows and a carnival. True is the saying that it never rains without it pours. — J. M. Fourie the blind preacher has returned from a tour of the mountains. — J. S. Rowe was in Mt. Vernon Sunday. — W. M. Lamb a fine girl. — Mrs. Sue Mullins is having her hotel repaired. — Mrs. W. G. Nicoley is treating the Eight Gable Hotel to a new coat of paint. — Miss Clementine Mullins and sister Mildred are visiting relatives at Mullins Station this week. — Earl Wilson who is attending school at London was with home folks Sunday. — W. M. Hicks has rented his garage to Garnet Farris of Paris. — Victor Owens of Farrington was in our town between trains Sunday. — Mr. and Mrs. Wm. Odell are thinking of moving to Wildie and were over there Sunday looking the town over. — Mrs. C. E. Rice Jr. and children have returned home after a few days visit with her parents Dr. and Mrs. W. F. Amyx. — Mrs. E. S. Cottongim has returned from Seaman Ohio, where she went to visit her parents Mr. and Mrs. A. B. Hubble. — Robert Mattingly of Paris will move his family into the house vacated by David Smith. — W. H. Mahaffey who has been very sick for some time is much better. — Little Isaac Neal has a very painful foot caused by sticking a nail in it. — Our friend W. R. Day (master mechanic) has been making various trips as we thought over to see the new grade but it has later developed that one of Mother Eve's fair daughters is the attraction. — S. K. Price is visiting relatives at Level Green this week. — We will have a wedding to write up next week. Could give some information now, but promised to keep quiet for the time being, but will give the write up next week. — Mrs. D. K. Argenbright and son Oscar left Tuesday for Knoxville Tennessee for a few days visit. — Aps Cummins and son J. B. were here between trains Sunday.

Dr. C. Tyree, Dentist, will be in Brodhead from Monday, May 2, 1921 to Saturday, May 7th. 1921.

Dear friends:

Well the Devil has been setting for two months trying to hatch a lie on me. He was a long time doing it but finally he hatched one. But had he been doing his duty in his own home or attending to his own business he would not have the time to sit around on the streets and hatch lies on a good woman to beat her out of her rights, so he has told to some of the voters that I ran John Renner's boy off. Now friends this is a lie told by the Devil, who is the father of all lies and I can prove same.

PREVENTATIVE MEDICINE

The tendency of medical science is toward preventative measures. It is easier and better to prevent than to cure. Pneumonia, one of the most dangerous diseases that medical men have to attend with, often follows a cold or attack of the grip. The cold prepares the system for the re-

ception and development of the pneumonia germ. The longer the colds hang on, the greater the danger. Take Chamberlain's Cough Remedy as soon as the first indication of a cold appears so as to get rid of it with the least possible delay. It is folly to risk an attack of pneumonia when this remedy may be obtained for a trifle.

R. L. LANGFORD FOR SHERIFF

J. H. Lambert.

Josiah Cummins.

Having announced myself for the important office of Sheriff of this county on April 15th, I am pleased with the reports I have received from all over the county from my friends. It seems to me from these reports that I have made a wise choice in the selection of my two deputies. These men are high class gentlemen of undisputed moral characters and their neighbors speak in highest praise of them. I wish to call the attention to every voter of this county to this fact, and most earnestly ask that you make a thorough investigation of myself and deputies as to whether we have the sufficient qualification for the office to which we aspire. I want you all to meet and get acquainted with me and my deputies during Court. We will all three be right on the job. So look out for us we are out to win and then give you an honest and faithful administration. What more could the voters ask? Your friend,
R. L. Langford.

The people generally consider the race for Circuit Judge as settled beyond question. Every disinterested and unbiased person that you meet will readily admit that Judge Bethurum will be nominated in the August primary by a record breaking vote. His majority in Pulaski county will be overwhelming and there is no opposition at all to him in Rockcastle. The reports that we are getting from Wayne and Clinton are most encouraging. There is a reason for all this. The people recognize in Judge Bethurum all the qualities of a capable, honest and impartial judge. He has always stood for progress, for law and order, and for the intellectual, moral and social uplift of his county. He is regarded by the bench and bar as one of the strongest judges in the State. As proof of this he was elected President of the Circuit Judges' Association of the State at its annual meeting in December of last year. This honor, coming to him unsought, shows his high standing with his fellow circuit judges of the State.

This issue of the paper contains a list of speaking appointments for Judge R. J. Bethurum and Mrs. James R. Cook who will speak in the interest of Judge Bethurum's candidacy for re-nomination to the office of Circuit Judge of this Judicial District. The Republican voters of the county both men and women are invited to attend the speaking and the editor of this paper urges them to do so. Judge Bethurum's ability as a public speaker is well known to the voters of this county. As a campaigner he is second to none in the Republican party in the state of Kentucky. His voice has been heard upholding the cause of the Republican party in every campaign since he reached the age of majority. His work in behalf of the party in this county has had much to do with the growing majority at each regular election for more than a score of years until we have left the magnificent majority in this county of more than 2300. He has not only campaigned here, but wherever his party needed him, he has gone to other sections of the state. His famous debate at Irvine, Kentucky with Congressman J. Campbell Cantrell, in the Seventh Congressional District, in Governor Morrow's campaign for Governor, silenced the Democratic press on untruthful charges that were being heaped throughout the state against the Governor. He is a true Republican and never strays from the fold. His party regularity cannot be questioned. When his party makes a nomination he never "sulk s in his tent" but is always found in the thickest of the fight battling for the principles his party represents. Mrs. James R. Cook, the other speaker mentioned on the bill is a highly cultured and highly educated woman and the wife of James R. Cook who formerly lived in this county. The women are urged to attend these meetings, if for no other reason than to hear Mrs. Cook. In the campaign of last year she actively espoused the cause of the Republican party and made many speeches in different parts

of the state. She was from the beginning recognized as one of the ablest of the women speakers and there was a great demand for her services as a speaker. She is interested in his nomination for Circuit Judge because she knows Judge Bethurum; not only as a judge who is fair and impartial, a judge who stands for law and order and is fearless in the discharge of his duty, and who is an able lawyer, but she further knows he is a Christian gentleman and a champion of the cause. Mrs. Cook further knows that when the women of this nation and state were making a great fight for their rights that at the time when it was doubtful as to the outcome of this issue, Judge Bethurum while a candidate for the great office of U. S. Senator in a speech made this statement:

"Believing in justice and equality as the crowning ideal of this Republic, the bulwark of its strength and glory, and the broad foundation upon which is erected the superstructure of our national greatness; and further believing that to withhold the ballot from woman is a denial of her justice and equality under the law and a rank discrimination against her, I pledge my self to support the measures intended to secure full suffrage for the women of America."

The women of this district ought to be unanimous in their support of the judge. He was not only their friend when they were clamoring for the ballot but he has stood by them as a judge by trying to protect them and make them secure in their home. The Republicans of this county will be glad to welcome these speakers and we predict that at each of the meetings that they will be received with open arms and be given a hearty reception.

Bill Davis

For

Circuit Court Clerk

Have been working and voting for Republican principles for the past 28 years. Does that prove a fellows loyalty? As to my sobriety, ask my neighbors; they know and will tell you the truth. Don't ask me, I am a candidate.

As to my educational qualifications, will say that I can read spell, figure and write a little with either hand.

As to whether or not I will make you a good Clerk, -try me, prove me and see what you find me to be. Of course if you ask me I'll say, "sure I will."

Now friends I am coming again to you asking your support. I wish to say that I have tasted defeat once and it hurt so bad that I fear the second dose would prove fatal. So for Bill's sake please do not let it happen again, for he sure does love to live and mingle with the good people of old Rockcastle.

Hoping to see you in the near future, I am,

Your Republican friend,
BILL DAVIS.

To The Voters of Rockcastle County

Both Men and Women:

There are many of you that have no special friends to vote for, for jailor of our county. I want to recommend to you a good man, and one of the best friends I ever had. A man that has almost been a father to me. He fed and clothed me when I wasn't old enough or big enough to earn wages. But that is still not all. He has always been a wheel-horse for the Republican party, and has never asked the people for an office before. That is still not all, he has got one among the best women in the county. Johnny Clontz is a hard working man, and a man that is not able to do a hard days work. You can all tell that by his looks when you see him. If there is any voters in Rockcastle county that feels that they owe me any favor they can pay me back by voting for Johnny Clontz.

James Winstead, Ex-Jailor of Rockcastle County.

To the Republican Voters of Rockcastle County

I hereby announce myself as a candidate for the office of Jailor of Rockcastle County, subject to your votes at the August primary election on August 6 1921.

I have no long story to tell you; but will say if you nominate and elect me to this office I will make you an efficient officer, will be sober take the best care that I can of the public property, treat the prisoners in a humane manner. I have always been true and loyal to our grand old party, and expect to remain so either in success or defeat. I desire to see you all between now and the primary.

Yours Truly,
William McNew.

Louisville Man Gains 23 Pounds

Five Years Trouble Had Weak-ed Him So He Could Not Work Troubles Ended.

"If there was ever a time in my life when I felt better than I do now I don't remember it," said Michael McDermott, of 541 South Clay St., Louisville, Ky.

"I have not only gotten rid of my stomach trouble and catarrh of the head that made life miserable for five years, but I actually weigh twenty-three pounds more than I did the day I began taking Tanlac. I could not eat anything except very light food but what gas would form and keep me feeling sick at the stomach for hours. I had the worst sort of pains in my left side, and at night especially the catarrh in my head caused me so much trouble I could get but very little rest. I could scarcely breath lying down and it was often almost day before I got any sleep at all. I lost thirty pounds in weight and had very little strength and had to stay home from work for days at a time.

While reading the paper one evening I ran across a testimonial for Tanlac that described my case so well I made up my mind to give it a trial. After I had finished my third bottle I was feeling like a brand new man. My catarrh was gone, my head felt clear, my stomach stopped troubling me and I could lie down at night and sleep like a child. I can now eat any thing I want and never feel a touch of indigestion. I have never felt better in my life than I do now."

Why Suffer?

Cardui "Did Wonders for Me," Declares This Lady.

"I suffered for a long time with womanly weakness," says Mrs. J. R. Simpson, of 57 Spruce St., Asheville, N. C. "I finally got to the place where it was an effort for me to go. I would have bearing-down pains in my side and back - especially severe across my back, and down in my side there was a great deal of soreness. I was nervous and easily upset."

"I heard of Cardui and decided to use it," continues Mrs. Simpson. "I saw shortly it was benefiting me, so I kept it up and it did wonders for me. And since then I have been glad to praise Cardui. It is the best woman's tonic made!" Weak women need a tonic. Thousands and thousands, like Mrs. Simpson, have found Cardui of benefit to them. Try Cardui for your trouble.

Say, Bill where did you get that swell suit you had on Sunday? I got it at Fish's Cash Store, Gee, but that was the swell thing I ever saw in this county. Yes and I bought it for less than half what I paid for my last spring suit, and is a much nicer suit besides. Has Fish any Spectol suits like yours? Yes, and a store full of others just as pretty as mine. The only trouble I had in getting my suit was to decide on one of the many different patterns. They were all pretty and a look at the price tickets, made you think of the good old days. Jim Smith told me Fish had already sold over 200 Spring suits. You know Fish put on a clean up sale in February and sold out all his old suit he bought at the high prices and now he has nothing but brand new suits. Well, I'm going to town in a few days to get one of Fish's SPECIAL Spring suits and I have to have a hat, some shoes and other things for me and the boys to wear. Yes, if you go to Fish's you can get all that for what you pay for a suit at some places. I got a dandy pair of low shoes from him last week for \$6 and he has some good looking at \$5, but I got the best and I know

if pays to get them at Fish's and get the best. Jim you had better not wait to long to get that suit for the day I was there a lot of fellows were carrying new suits away and I had smiles on their faces. Say, Bill, why is it Fish sells good clothes so much cheaper than the stores in town? Well, Jim, I understand he pays cash for all he buys and gets the cash for all he sells and in that way can afford to sell 'em for less. Fish has had a long experience in business here and knows where to buy his goods cheap. To my knowledge he has sold goods in Mt. Vernon fifteen years. Say, Bill, are you going to Sunday School and stay for Church Sunday? Yes, Samantha said I had to go show my new suit.

R. H. HAMM, Admr.

R. L. Smith Auctioneer.

Well, I have been to see Miss Mollie and we had a fine time. She can't imagine how the campaign committee is going to dress up the Bull Moosers, the bolters, and the democrats and things and blend the colors with the coon hides and possum hides on the old log cabin. She don't believe that campaign committee has the interest of the good old party at heart, but only a bluff to pull the slate into office. When you give the Republicans of old Rockcastle County a clean Republican ticket to vote for, old Rockcastle county gave a plurality of 1,000 (before the ladies joined hands in the elections), and when you do not, it goes 186 just as it did six years ago.

J. W. Rider Your Next County Judge

There has been a great deal said and possibly lots of thinking amongst the stockholders of Rockcastle, to determine and to know my intentions in the future campaign to be held on August 6, 1921, to determine between the stockholders as to who the nominee shall be for your county Judge. You will find my name on the ballot (a wink to the wise is sufficient) I am no office holder. If I had the power to make the laws of this county I would lengthen some of the terms and bar any man from succeeding himself for office. I have been tendered county offices and refused them. I was no office seeker but a public spirited man. My paid checks in the banks of this state will show I have given away more each year than any office in the county pays. What the taxpayers want in this county is a business administration and not a political administration now, my dear people and legal voters of Rockcastle County let's get down to business. If I am not the man to handle your business in a successful business way, take care of your hard earned money, paid out for taxes, in a lump sum of about \$100,000.00 each year, then let us select a successful business man who has made a success for himself to handle our County affairs for the next four years, to pull us out of this awful indebtedness that now hangs over us and our children. Dear taxpayers do you know if you do not you should know that \$8,000.00 of your tax paid money was going each year to pay the interest on what this county owes, and not paying off one cent of the principal.

At the same price per mile that was paid to me, I will build a like-similar of pike, including culverts, and all the costs and expense that I built for you five years ago. If the same amount of money that is being paid out for interest had been applied on public highways, under a bonafide bond, furnished by J. W. Rider, the contractors, we would have had ten miles of turn pike paid for and no indebtedness over our heads or the heads of our children. My God, can you see how to save a dollar? "A dollar saved is a dollar made." A dollar spent on Rockcastle county roads, is a dollar in roads and is a dollar in some Rockcastle county tax payers pocket. And for my dear life why can't this dear people, who pretends to be your friends and your office holders and controllers and financiers of all of your property and taxes, cannot you see and know how to finance your county, to give you something for your hard earned tax-paid money. Any man who studies his county and stockholders' interest like he studies his private and individual interests, can take the paid in taxes with the assessed property in this county and give to this people the same amount of public improvements that they have been getting for a number of years and pay off all of this overhead indebtedness and take this \$8,000.00 paid out for interests and pay out on public road improvements that I learn and know are in a worse condition today than they were twenty-two years ago, when I came to your county and started a lively business and traveled every one of them in every direction from Mt. Vernon. At that time we had in round numbers \$3,000,000 of taxable property, and now in round numbers we have \$6,000,000, double the amount of taxable property, and our rate of taxes has almost doubled, and roads are in a deplorable condition, just as they claim Rockcastle County is in a deplorable condition from a moral standpoint. Let's stop right here and pause for a moment and ask the stockholders and those in charge of your county affairs, what are you doing with our money? We are going to give you until the 6th of August to explain what we have got to show for the money we have paid you? I do not want to be ugly or rude, but elect me as county judge of your county and I cannot succeed for this people, like I do for myself, Miss Mollie and the babies, you will not have to vote me out at the poles, when I find that I have bit off more than I can swallow I will just throw it up; nor mortgage the Rockcastle Hotel to buy myself back into the office.

What we want is business administration and not a political administration, and furnish me a man that has any inspiration that has succeeded for himself and I will do all in my power to help nominate him for this place. Yours for cheap stuff and the betterment of old Rockcastle county. J. W. Rider.

P. S. Dear stockholders, let these thoughts go through your mind. Name me one who has been elected to a county office of this county in 22 years who did not come to Mt. Vernon with the seat of his pants out, who today does not own beautiful homes, good farms, stocks in banks, Pres. & Directors, money loaned out on interest (mortgages on the homes of the tax payers in this County), their children dressing in silks and satin, promenading the streets of Mt. Vernon, going to graded schools, riding in automobiles, going to picture shows every night, losing sight of God who created them, on a pitiful sum of eighty-three and a third dollars per month, isn't this enough for the stockholders to know WHY we're so deeply in debt and our taxes so high.

Isn't it pity that our present office holders and office seekers would stoop so low, and yet try to climb so high as to be re-elected to the offices in the gift of the stockholders in Rockcastle county after they had tried to play a child's play and deceive the stockholders and taxpayers of this county by enjoining your county Treasurer to pay me what was ordered by the Fiscal Court to be paid for work done on the Dixie Highway four years ago. Up until this good day I have not been able to get this injunctive suit passed on in this great Court of Justice you have heard so much about, controlled and dictated to by the so called Judge. This money in the hands of the county Treasurer of your county either belongs to the taxpayers or J. W. Rider. If it does not belong to me in the name of the high Heavens why doesn't this great lord of lords and god of gods pass on this question and if it does belong to the taxpayers and not me, let it go to pay off the interest on what we owe that has occurred by just such management. How I do wish the stockholders in Rockcastle county could pull back the veil and see and know me as I am. I would not for one of those county offices sacrifice my principles, my honor, my integrity, and honor for all of them and a deed to Rockcastle county. I am proud of myself when I think and know that I have no ambition and selfishness within me to be honored, as it is of-times called, with a county office. If a man could only appreciate his position as an executor of the law there is no honor, but he is a public servant and a hired hand on the job, and I hope and pray that I will see the day that officers, both men and women, may realize that they are servants of the people and that the people are not servants of the officers in charge.

History's Great Men Were Warm Friends of the Thoroughbred

The annual spring season of thoroughbred racing will soon be at its height in Kentucky, and there is every indication that interest in the famous old sport, this year, will surpass any of the days that have gone before.

Chief among the perennial attractions of thoroughbred racing is its genuine democracy. The thoroughbred has his charms for us all today just as he did in the days of George Washington and Andrew Jackson.

Both these presidents of the United States were great lovers of the thoroughbred and loyal supporters of the sport of horse racing. They bred and raced their own horses, and history records the fact that the former, as a Judge at the Newmarket Course, Cheltenham, S. C., on one occasion, Washington, as we all know, was a noted horseman, who enjoyed his spirited thoroughbred for riding and hunting through the field until very late in life, and his stable had a reputation for the number and quality of the horses it contained.

Andrew Jackson was an enthusiastic patron of horse racing long before he became president. He maintained a formidable stable, which included Truxton, a horse of which he was exceedingly proud, and with which he won the famous match race for \$5,000 against Greyhound. After his inauguration as president, he brought his horses to the Capitol, and in 1814 trained them in person. Vice President and Mrs. Van Buren often being present to witness the morning workout of the horses personally, supervised by the president, with characteristic impetuosity and plain speech, for "Old Hickory," as history records, "had a temper of his own."

The Washington Course, located about two miles from the Capitol, was built in 1802. The Jockey Club, under whose auspices it was operated, numbered among its members the most distinctive men of affairs of the day. Racing was regularly attended by the presidents, from Jefferson to Van Buren. On one occasion John Quincy Adams walked to and from the course, surrounded by the equipages of the wealthy.

"Generals Washington and Jackson," writes one leading commentator, "two examples of the fondness that great statesmen and military men have so generally entertained for the horse and sport of the turf. Though equally bold and aggressive riders in the field, General Jackson was the more successful on the course. The racing annals of the west record his numerous victories, and according to the anecdotes which are told of him, he sometimes intimidated his adversaries of the boldness of defiance, where he might not have won by the speed or bottom of his horse."

One of General Jackson's closest friends was the Rev. H. M. Cryer, a minister of the Methodist Episcopal Church, who was a breeder of thoroughbred horses and who raced one of them in the name of his partner, Col. Geo. Elliott. The reverend gentleman, having been charged with the tribunal and asked if he had anything to say in his defense, "nothing," was his reply, "except that I would like to have you let me know how I can arrange it for my half of the horse to stand in the stable while Col. Elliott's half is racing. The horse belongs to us jointly. He has the same right to control him that I have; and he will race him and I cannot stop him from it."

Needless to add, Mr. Cryer was duly acquitted.

The utter absence of prejudice against the turf in earlier days brings into sharp contrast our sporadic latter-day negotiations in disapproval.

For example, it is mentioned in the Catholic Churchman, published at Annapolis in 1744, that among the legitimate pastimes of the population which met with the approval of the church itself, was the new one of racing horses, which had grown to be highly popular among the gentry of the country. However, we of today, have every reason to believe that the turf is on the eve of a greater measure of popular support than it has received in a decade—not only as a matter of healthful out-door entertainment but also because of its importance as an adjunct to the industry of breeding thoroughbred horses for use in supplying the army with cavalry mounts and other highly utilitarian purposes.
